

**Creative and motivated problem solver looking to thrive with a company to better myself and all of those I work with.**

Design Experience: **CIRCA HEALTHCARE • DIGITAL / GRAPHIC DESIGNER**

*July 2015 - Present | Malvern, PA*

Designer and production specialist for an agency that specializes in the animal healthcare field, who works closely with their current design team in the development, design, and production of numerous campaigns for multiple clients.

Helps to create and take the lead on various projects including, print ads, product brochures, wireframing, web sites, banner ads, digital toolkits, logo development, packaging, presentations, tradeshow booths and materials, and more.

**VIVO AGENCY • GRAPHIC DESIGNER**

*December 2014 - June 2015 | Horsham, PA*

Graphic designer for a small agency that specialized in the medical device and diagnostics market. Helped create print ads, sell-sheets, magazine articles, company presentations, branding, and content marketing for various companies. Time management and tight deadlines, as well as maintaining the directory of all files, were all part of a routine day.

**CONNEXIN SOFTWARE INC. • GRAPHIC DESIGNER**

*May 2011 - November 2014 | Horsham, PA*

Medical software company's graphic designer, in charge of all of their printed materials, such as: sales pieces, promotional materials, stationery, trade-show booths, internal documents, on-site graphics, direct-mail campaigns, and all user conference materials.

Was also in charge of all new branding, email marketing, newsletters, online promotions, printer store-front management, wiki development and maintenance, website updates, banner ad creation, and email signatures.

**JACOBI CARBONS INC. • GRAPHIC DESIGNER**

*July 2007 - October 2010 | Philadelphia, PA*

Ran the design department of an international company, created a new overall look of their brand, was in charge of all printed materials, stationery, email signatures, office templates, and helped out in any other task needed.
